## WÖHLER

## **WORKING TOGETHER**

For over 80 years, the name Wöhler has been synonymous with quality and progressive innovations in the field of measuring instruments, visual inspection systems and cleaning equipment for heating, ventilation and facility management applications.

Working on the basis of many years of experience, close contact to customers, comprehensive skills in all technical disciplines, Wöhler develops products that are tailored to each customers needs. Chimney sweeps, plumbing, heating and air conditioning contractors, construction specialists and industrial customers worldwide rely on technology made by Wöhler.

As an international family-owned business, we closely cooperate with customers and vendors on a partnership basis. Continual growth and long-term success are assured by both trust based cooperation and a passion for technology.

## DEVELOPMENT

## **FUTURE MADE BY WÖHLER**

Our prescription for innovative product ideas is experience of many years, a lot of competence and fascination for technology. Also close cooperation with our customers and experts from business, trade organizations and universities are the basis for our long-lived products. Together we develop trend-setting and practice-oriented innovations for you for decades.

## HARDWARE & SOFTWARE DESIGN – IN LINE WITH STANDARD USAGE & THOUGHT OUT CAREFULLY

Devices must be easy to use. That is possible only with a proven technology. The mechanics, electronics, instrument software and the supporting PC-programs must be user-friendly. Therefore we stay in close contact with you – ultimately the most important and best suggestions for improvement come from practical applications.

## CONSTRUCTION – INNOVATIVE & ACCURATE TO SIZE

Together manufacturing and production work hand in hand. Each product is designed three-dimensionally on the computer - both technical requirements and ergonomic aspects play a primary role. Prepared program data is transferred directly into our CNC machines that produce the mechanical components for your equipment - in this way we guarantee a fast and error free production process.

## **GET A GRIP ON COMBUSTION WITH ONE HAND!**

The Wohler A 400 Flue Gas Analyzers are multi-functional instruments (flue gas, differential pressure, ambient CO) for residential and light commercial applications. Its unique design allows a comfortable one-hand operation with a technicianfriendly 4 button key pad. Integrated magnets make even a hands-free operation possible. Your eyes will love the brilliant full color OLED display which shows all combustion values on one screen. The self-diagnosis functions with an alarm makes the instrument reliable and failsafe. We provide a full 4 year warranty for the instrument and LT-Sensors.

#### **FEATURES AND BENEFITS**

- · Color OLED display all combustion data values on one
- Zoom function
- · Integrated magnetic holder
- Technician-friendly 4 button keypad
- Ergonomic shape: comfortable one-hand operation
- Graphic function
- User selectable units for temperature, pressure and CO

#### SAFETY / RELIABILITY

- Integrated 4-filter technology including water stop filter, cotton filter, sample conditioner and sensor protection
- Full 4 year warranty on instrument including sensors<sup>1)</sup>
- · Continuous self-diagnosis with feedback for:
  - All sensors
  - Instrument functions
  - Condensate

#### **DATA MANAGEMENT**

- Memory for 100 customer records
- Date and time stamp

#### **VARIETY OF APPLICATIONS**

- Wohler Tuning Guide with graphical support
- Combustion and efficiency analyzer for residential and light commercial applications
- Ambient CO tester
- Flue gas CO tester (CO air free)
- Differential manometer for chimney draft and appliance manifold pressure
- · Graph feature for all combustion readings

#### **APPROVALS**

- TÜV approved
- EN 50379-2
- EN 50379-1 for CO

<sup>1)</sup>Wohler A 400/A400<sup>Pro</sup>, except for thermocouples and batteries; for further information see our

## Wohler A 400 L Flue Gas Analyzer

#### APPLICATION:

· Combustion and Efficiency Analyzer for residential and light commercial applications

#### **ADVANTAGES:**

- All combustion data values on a bright full color display
- Integrated magnetic holder
- Technician friendly 4 button keypad
- Ergonomic shape: comfortable one hand operation
- Integrated 4-filter technology including water stop filter, cotton filter, sample conditioner and sensor protection
- 2 year full warranty on instrument including sensors1)
- Memory for 100 customer records
- Date and time stamp

## Wohler A 400PRO Flue Gas Analyzer

#### APPLICATION:

• Multifunctional Combustion Analyzer for residential and light commercial applications

#### **ADVANTAGES:**

- LT-sensors (full 4 year warranty incl.
- Ergonomic shape: one hand operation with a 4 button key pad
- Brilliant OLED full color display technology
- · Multi-functional: combustion and efficiency analyzer, ambient CO tester, flue gas CO tester (CO air free), differential manometer
- Safety: integrated smart filter technology, condensate control with LED warning light, sensor diagnostics, continuous self diagnosis with feedback

## POWERFULLY SIMPLE NEW

#### **Wohler A 550 Flue Gas Analyzer**

As robust as cast iron, but as easy to operate as a smartphone - that's what Wohler's new flue gas analyzer feels like in your hand. Appropriately, the advantages are equally substantial: A tap of your finger on the Wohler A 550 is all that is required to perform analyses, inspections and settings on residential and commercial appliances. The flue gas analyzer is equipped with coded connections for the 4 Pa test and even »NEW AND UNIQUE« a wood moisture content measurement function to VDI Guideline

#### **PRODUCT BENEFITS**

- Simple to use: Switch on read off done
- · Large, color touchscreen: Displays up to 14 measurement and calculation values
- Intuitive to operate via on-screen keyboard
- · Calibrate in the flue gas pipe via a fresh air pump (Wohler A 550)
- · Graphic hot spot search

#### **EXTREMELY RELIABLE**

- Effective condensate protection
- Automatic CO clean out pump protects CO sensor (Wohler A 550)
- 4-filter technology easily accessible
- Analyzer and sensor diagnostics
- Sensor replacement user-friendly
- Rechargeable battery operating time: more than 12 h with Lithium Ion power
- Hose assembly robust and flexible

#### **HUGE RANGE OF APPLICATIONS**

- Expandable with up to 5 sensors
- For measurements: NO, NO, SO,
- Insertion probe for a variety of measurement tasks
- Spillage Test and much more
- First Flue Gas Analyzer incl. wood moisture content measurement (wood moisture probe included in scope of supply of Wohler A 550)

#### SIMPLE DATA MANAGEMENT

Wohler TD 100 Thermal Printer.

- 1,000 measurement records
- · Data transfer via USB, Bluetooth or infrared

Part no. 7753

#### **APPLICATION**

- For burner adjustment and determination of combustion loss
- For residential and commercial applications
- Burner maintenance

#### **ADVANTAGES**

- · Large 7"color-touch screen: Displays up to 14 measurement and calculation values
- · Intuitive to operate via on-screen keyboard
- Data transfer via integrated USB- & IR-Interface
- Large CO-measurement range: 35,000 ppm
- · Robust plastic case for safe transport

### **Wohler A 550 Flue Gas Analyzer**

#### **APPLICATION**

- · Flue gas analysis
- Backflow Check (optional)
- Wood Moisture Measurement
- 4 Pa-Test

#### **ADVANTAGES**

- Large 7"color-touch screen: Displays up to 14 measurement and calculation values
- Intuitive to operate via on-screen key-
- Data transfer via integrated Bluetooth®-, USB- & IR-Interface
- Start-/Stop-Button on the probe handle - When measuring in difficult conditions, you can also simply stop and save the measurement at the press of the button on the probe handle
- 1,000 measurement records
- Huge range of applications: NO, NO, SO, (in connection with the Wohler Peltier cooler), ...

## **Wohler RP 72 Smoke Test Pump**

#### **APPLICATION**

For measuring the soot level manually

#### NOVANTAGES

- Rugged and reliable 10 stroke Soot Test Pump
- Long hose: ideal for difficult to reach measurement openings
- Non centered soot spot, allows many tests on one filter, easy to compare
- 2 filter technology

rugged · reliable · established

#### Wohler RP 72 Smoke Test Pump Kit

#### **Wohler HF 300 Wood Moisture Meter**

#### **APPLICATION**

The Wohler HF 300 is an easy to use instrument for determination of wood moisture. Depending on the kind of wood the needles can be pushed up to 3/16" into the log.

| TECHNICAL DATA        |                  |
|-----------------------|------------------|
| Display               | LCD              |

### **Wohler HBF 420 Moisture Meter**

#### **APPLICATION**

With its unique combination of electrical resistance measuring technique and dielectric measurement the Wohler HBF 420 wood and building materials moisture meter represents an ideal handheld instrument to assess the moisture content of materials in a wide range of applications:

- · Building diagnostics: Damage analysis, leak detection
- · Building work: Preparatory measurements before applying paint, installing floor coverings etc.
- Fuel management: Assessing wood fuel materials

#### **ADVANTAGES**

- Ability to assess building and wood moisture with one instrument
- Dielectric measuring technique, ideal to quickly assess moisture and measure the moisture profiles of building materials
- Resistance measurements to precisely determine the moisture content of wood
- Automatic temperature compensation after entering the material temperature
- Wood species correction via material
- Calibration kit facilitates on-the-spot measurement value verification
- Adjustable alarm threshold

#### **TECHNICAL DATA**

Auto-Off-Function:

| Resolution:             | 0.1 °F               |
| Dimensions:             |                      |
| Size:                   | 2.2" x 6.6" x 2."    |
|                         |                      |
| Weight:                 | 1 lbs.               |
| Weight:                 |                      |

#### **APPLICATION**

- · Measures gas line and manifold pressure
- Fine tune burners with 0.01" WC resolution
- Measure draft and differential pressure
- Troubleshoot and balance HVAC systems
- · Measure temperature with optional

#### Advantages:

- Simple one button operation
- Wide measurement range (± 800.00" WC)
- Measures differential pressure
- IrDA output to PC/PDA
- Optional temperature measurement
- German technology designed for and by the American Technician

#### **Wohler DC 410<sup>FLOW</sup> Pressure Differential & Flow Meter**

#### **APPLICATION**

- One instrument for measurement of pressure, air flow, temperature and relative humidity
- Is tested to comply with standards for 'Ventilation for buildings – test procedures & measuring methods for handing over installed ventilation and air conditioning systems'

#### **ADVANTAGES:**

- Brillant full colour OLED display
- Technician friendly one hand operation with 4 button keypad
- Highly accurate with 'no drift technology'
- Pressure resolution of 0.01 inch WC
- Differential temperature with two probes
- Data logger function
- USB port

#### **TECHNICAL DATA** Differential Pressure: Range:... ..± 40 inWC Accuracy:.. ...± 3 % o.r., absolute ± 0.002 inWC ..0.001 inWC between Resolution: +4.000 inWC: 0.01 inWC Air speed: ...0.3 m/s to 120 m/s Continuous density correction: automatic, with temperature signal Temperature (internal sensor): Range:... + 2 °F Accuracy: Resolution: ...0.1 °F External temperature probe: ...2 channels, 0°F to 1,472 °F Range:... #### Wohler GS 220 Gas Sniffer

#### TECHNICAL DATA

| Sensitivity:      | 40 ppm                      |
|-------------------|-----------------------------|
| Sensor:           | Semiconductor               |
| Indicators:       | acoustic signal and optical |
|                   | by stage-LED                |
| Flex holder:      | 18"                         |
| Warm up time:     | max. 50 sec.                |
| Refresh time:     | 2 sec.                      |
| Work temperature: | 23113 °F                    |
| Supply:           | 4 AA batteries, 1.5 V       |
| Size:             | 6.6" x 2.5" x 1.4"          |
| Weight:           | 1.5 lbs                     |
|                   |                             |

#### **APPLICATION**

- Leakage detection at gas lines
- Examination of heating systems and exhaust ways on combustible gases

#### **ADVANTAGES:**

- Calibrated for methane (CH4) and liquid petrol gas (LPG) (2 indicator scales)
- Optical and acoustical output
- 16" flexible goose neck for easy access of hard to reach spots
- · Highly sensitive and fast response

#### Wohler CM 220 CO-Meter

#### APPLICATION:

- Test CO leakage from furnaces, water heaters, stoves
- Measurement of CO concentration in the ambient air
- MWC-Value-Measurement (Maximum Workplace Concentration)

#### **ADVANTAGES:**

- Quick response for testing safe entry conditions
- · Easy operation-one button, manual
- · Visual and acoustic indicators
- Backlight
- Precise electrochemical sensor
- · Calculation of the MWC-value (Maximum Workplace Concentration)

#### **TECHNICAL DATA**

| Range:           | 0999 ppm               |
|------------------|------------------------|
| Accuracy:        | ±20 % at 099 ppm       |

### **Wohler DT 310 Differential Temperature Meter**

#### **APPLICATION**

- Simple measurement of differential temperature
- Temperature measurement of flow and return surface temperature of water and flue lines

#### **ADVANTAGES**

- Display of differential temperature (two probes required)
- · Simultaneous display of both temperature readings
- · Optional temperature probes, classes K, J, T
- Run / Hold Function
- Back light
- MIN and MAX memory with date and time stamp

### **Wohler IR Temp 210 Infrared Thermometer**

#### **APPLICATION**

Non-contact temperature measurement of surfaces

#### **ADVANTAGES**

- · Detection of heat sinks
- Measurement focus ratio Ø 10:1
- Laser-pointer
- Back light
- · Adjustable emission factor
- Quick response time

#### **TECHNICAL DATA**

| Range           | 40+932 °F                 |
|-----------------|---------------------------|
| Accuracy        | ±2 % o.r., absolute ±4 °F |
| Resolution      | 0.1 °F                    |
| Reaction time   | 500 msec.                 |
| Display         | LCD, 3 figure             |
| Emission factor | 0.30 - 0.99 adjustable    |
| Supply          | 9 V battery               |
| Size            | 7" x 3" x 2"              |

#### **APPLICATION**

- Determination of the indoor air quality through combination of measurement and identification of:
- The CO<sub>2</sub>-concentration
- The air temperature
- The air humidity
- For CO<sub>2</sub>-monitoring of:
- Housing spaces (comfortableness, humidity problems, etc.)
- Conference rooms and lounges (e.g. schools)

#### **ADVANTAGES**

- Comfort level indicator with adjustable alarm values
- Acoustical and visual alarm function with adjustable limit
- Large display to show CO<sub>2</sub>, humidity, temperature, date/time
- Max/Min-values
- Infrared-CO<sub>2</sub>-measurement
- Automatic calibration function
- Non-volatile memory

### Wohler KM 410 Indoor Air Quality Meter

#### **APPLICATION**

The Wohler KM 410 Indoor Air Quality Meter is the perfect instrument for verifying HVAC system performance and air ventilation control.

It measures:

- CO<sub>2</sub>-content
- Air temperature
- Air humidity
- CO-content
- Dew point
- Wet bulb temperature

#### **ADVANTAGES**

- Big LC display with blue backlight to use in dark area
- Acoustical and visual alarm function
- Max/Min-values
- Hold function freezes current readings
- Mini USB output to PC for analysis
- Data logger

## CLEAR VIEW, WHEN SPACE IS TIGHT NEW

#### Wohler VIS 200/250 - Visual inspection, distance measurement and built-in sonde

Wohler's innovative VIS 200/250 Visual Inspection System enables you to easily view damage in pipes of 1 1/2" dia and larger – no power outlet required. Compact by design and powered by a rechargeable battery, this complete camera-system is contained in a robust plastic case. The camera head features a powerful, integrated light to allow you to clearly view damage in waste water pipes (at least 1 1/2" dia) and inspect downpipes as well as flue gas lines. Absolutely essential for locating obstructions or damage quickly!

VIDEO

#### **WIDE RANGE OF APPLICATIONS**

#### Locate damage and inspect:

- Waste water pipes of 1 1/2" dia and larger
- Ventilation lines of 1 1/2" dia and larger
- · Inspect hollow spaces, e.g. in front-wall installations
- Flue gas lines up to approx. 6" dia

#### **FUNCTIONALITY**

- Waterproof, light-sensitive camera head with a diameter of just 1" easily takes bends in stride
- Store video footage on a 2 GB SD card (Wohler VIS 250)
- Digital Indication of the camera head angle (Wohler VIS 250)
- · Electronic distance measurement displayed on monitor
- Fully equipped mobile solution in a robust, plastic case
- Does not require main power supply
- Bright TFT color monitor for razor-sharp images
- Tiltable and removable monitor with 6' cable
- Integrated video output for documentation purposes
- Battery operating time: 120 min. (second rechargeable battery optional)
- Transmitter (8.9 kHz) integrated into camera head for locating
- Data exchange via mini USB cable (Wohler VIS 250)

#### LOCATOR (OPTIONAL)

- Transmitter integrated in camera head makes it possible to precisely locate the camera head
- Facilitates targeted repairs to damaged pipelines
- Telescopic holder makes it possible to locate damage under floors or in ceilings
- Chalk holder with lithographic chalk makes it easy to mark located damage immediately
- Powerful rechargeable battery

#### **DOCUMENTATION**

Simply record and store photos and videos on a 2 GB SD card (Wohler VIS 250) for documentation and archiving purposes for you and your customers

## **UNIQUELY CLEAR VIEW NEW**

#### Unique pan & tilt camera head, position indicator, home function and sonde with the Wohler VIS 350

Visual inspection in a case: With the new Wohler VIS 350 camera system, you not only have everything you need to inspect waste water pipes, flue gas, ventilation lines and industrial piping – you can also precisely locate the damage and accurately document the results of the inspection.

head can easily be located with the new

Wohler L 200 Locator.

## BRIGHT ILLUMINATION Thanks to the excellent lighting system of the color camera head, the camera

I hanks to the excellent lighting syster of the color camera head, the camera supplies razor sharp images of even the darkest corners of the section under inspection.

#### **WIDE RANGE OF APPLICATIONS**

Locate damage and inspect:

- Waste water lines of 2" dia and larger
- · House connections up to 8" dia
- Flue gas systems of 2" dia and larger
- Ventilation lines of ventilation systems
- · False ceilings, hollow spaces, shafts

#### **FUNCTIONALITY**

- Optics pan 360° and tilt 180° providing maximum movement radius and insures even the smallest damage is not hidden from your view
- Store video footage and photos on a 2 GB SD card (Wohler VIS 350)
- Camera head with integrated transmitter facilitates camera head location detection with the Wohler L 200 Locator
- Digital position and angle of the camera head displayed on the monitor
- Home function aligns the camera head to a straight position display parallel to the ground above
- Brightly illuminating color camera head, 2" in length and 1
   1/2" in diameter, easily negotiates tight bends
- Electronic meter counter in increments of 0.10 ft. displayed on the monitor
- Bright TFT color monitor (tiltable and removable) supplies razor sharp images
- Battery operating time: 2 x 120 min. with 2 rechargeable batteries included
- Fully equipped mobile solution in a robust plastic case

#### LOCATOR (OPTIONAL)

- Transmitter integrated in camera head makes it possible to precisely locate the camera head
- Facilitates targeted repairs to damaged pipelines
- Telescopic holder makes it possible to locate damage under floors or in ceilings
- Chalk holder with lithographic chalk ensures it is possible to mark located damage immediately
- Long-lasting LI-ION rechargeable battery

#### **DOCUMENTATION**

Simply record and store photos and videos on a 2 GB SD card (Wohler VIS 350) for documentation and archiving purposes for you and your customers.

MEASURING INSTRUMEN FLUE GAS ANALYSIS

## MODULAR POINT OF VIEW NEW

#### **Wohler VIS 400 Modular Visual Inspection System**

The carry strap around your neck and the monitor in front of your chest, one hand guides the camera cable, the other controls the camera head via the familiar Wohler keypad: That is how stable the new Wohler VIS 400 video inspection system is and how easy it is to work with while inspecting chimneys or inspecting house supply lines.

#### **WIDE RANGE OF APPLICATIONS**

Analyze damage and visually inspect:

- Flue gas systems, chimneys
- Building drains, house connections
- Ventilation systems

#### **PRODUCT BENEFITS**

- Modular system components are modular by design to support extensive expansion options
- Pan & Tilt color camera heads with integrated power lighting easily negotiate bends in the line
- Voice recording allows you to document each inspection with verbal notes
- Mini USB port for data transfer

#### DOCUMENTATION

Integrated video output – simply record and store photos, videos and voice annotations on a 2 GB SD card for documentation and archiving purposes for you and your customers.

#### TECHNICAL DATA

#### **TECHNICAL DATA**

**Locator Receiver** 

...... Graphic visualization of the position of the camera head

Output impedance

#### **APPLICATION**

The Wohler L 200 Locator makes it possible to locate the Wohler VIS Camera heads VIS 200/250/350 wirelessly. The location of the camera head is indicated on the display screen as well as by an audible signal.

#### **ADVANTAGES**

- Locates the radio signal transmitted by the camera head – rapidly pinpoints the location
- Easy to handle user guided via display throughout the locating process
- Bright, easy-to-read color display
- Telescopic pole allows the user to place the locator closer to the signal source
- Chalk holder for chalk to mark the position where the camera head is located

## **Wohler Mini Viper**

#### **TECHNICAL DATA**

| Cage diameter   | . 13"                       |
|-----------------|-----------------------------|
| Weight          | 2.2 lbs incl. 50 ft GRP rod |
| Freewheel brake | precisely adjustable        |

#### **ADVANTAGES**

- lightweight, 2.2 lbs only
- GRP-Rod with resistant PA coating and distance marking
- Foldable handle
- Belt clip
- Ergonomic shape

## Wohler Mini Viper with handle and belt clip (brush not included)

GRP Rod 0.2" dia, 50 ft long
stainless steel endpiece M5
guidance adapter
protection tube

Part no. 8872

## **Wohler Compressed Air Cleaning – Standard Set**

#### APPLICATION

Appropriate for small, round ventilation pipes up to 5" dia.

#### **ADVANTAGES**

- Counterclockwise rotating helicopter nozzle causes a forward movement
- Easy operation
- · Cleaning of pipes up to 23 ft possible

## Wohler Compressed Air Cleaning Standard Set

compressed air hose 23 ft incl. cock

Wohler counterclockwise rotating helicopter nozzle

plastic case

Part no. 7560

**TECHNICAL DATA** 

## **Wohler Compressed Air Cleaning – Professional Set**

#### APPLICATION

Appropriate for round and angular ventilation pipes

#### **ADVANTAGES**

E-MAIL: INFO@WOHLERUSA.COM

- Easy operation of the Pneumatic Viper due to the belt holder
- Appropriate for small and big pipes
- Extension possible due to the hose reel

#### Wohler Compressed Air Cleaining Professional Set

Wohler DH 420 Air Operating Viper

33 ft compressed air GRP hose incl. cock and compressed air connection

compressed air hose reel with 65 ft hose

Wohler compressed air planishing mallet 7-time 1.6 ft long

Wohler counterclockwise rotating helicopter nozzle

guidance roller ball

XXL-plastic case

Boilercontent.

## **Wohler Rotary Viper Vent**

#### TECHNICAL DATA

| Length 16 ft or 33 ft            |
|----------------------------------|
| Coat very flexible,              |
| 0.6" dia                         |
| Threaded connection internal M10 |
| Tap for drill chuck 0.4" dia     |
| Core 0.4" dia,                   |
| CW/CCW rotation                  |
|                                  |

#### **ADVANTAGES**

- CW/CCW rotation
- Due to a small end piece also applicable for smaller bends
- Very light weight 2.2 lbs
- Extremely flexible shaft
- Can be operated with battery driven drill

#### **APPLICATION**

Effective cleaning of dryer vents, duct and piping

CALL 978 - 750 - 9876 TO ENROLL CLASS SIZE IS LIMITED

## **WOHLER INSTITUTE OF TECHNOLOGY**

## This one of a kind education program embodies Wohler USA's commitment to innovation and technical leadership.

Taught by the most experienced faculty in the business, our instructors are industry professionals who bring with them years of hands-on field experience in design and application, as well as product knowledge.

#### AS PART OF THE CLASS, YOU WILL LEARN

- What the readings mean, how to interpret them, and how to act on them
- How to achieve consistant results by using test equipment efficiently and effectively
- How to benefit from Wohler's advanced technology and easeof-use design

## OTHER AREAS OF INTEREST THAT WILL BE COVERED INCLUDE

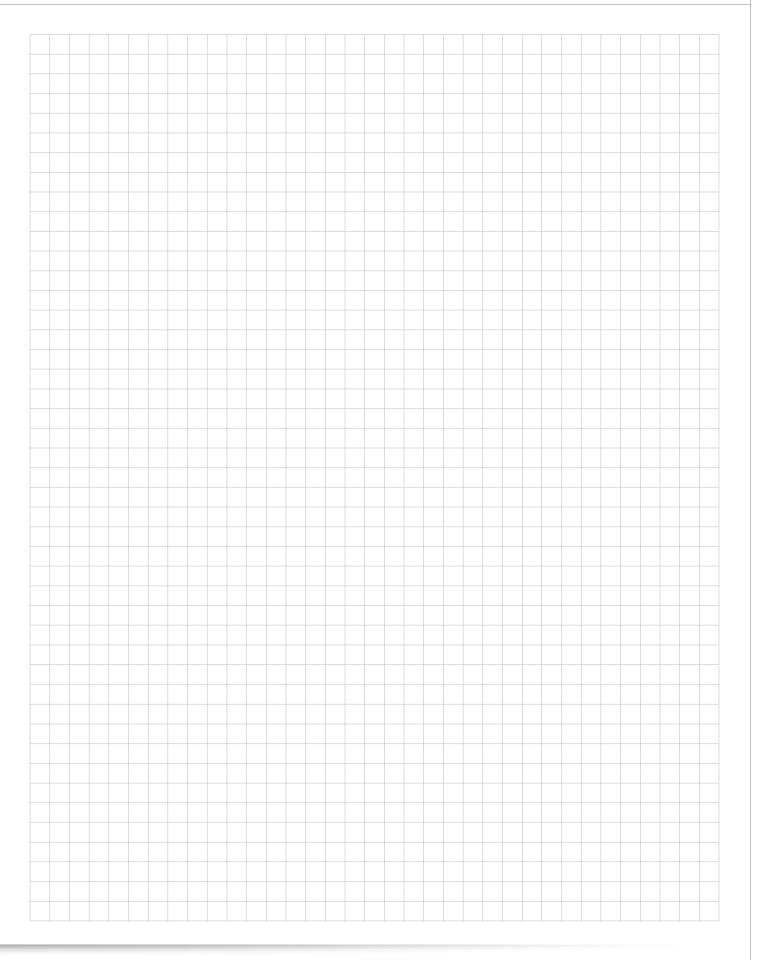

- Combustion Testing
- Carbon Monoxide Testing
- Efficiency Evaluation

The learning opportunities are unlimited but class size not. Don't miss out. Join us by calling 978-750-9876 today. Our welcoming staff is willing and able to answer your questions.
